

Northwind Traders - Product Warranty Policy

1. Standard Warranty Coverage

All Northwind Traders products purchased after January 1, 2025 include a standard 12-month warranty covering manufacturing defects. The warranty covers parts and labor for repairs, but does not cover damage caused by misuse, unauthorized modification, or normal wear and tear. Customers must retain their original proof of purchase to claim warranty service.

2. Extended Warranty Options

Customers may purchase an extended warranty within 30 days of the original purchase date. The extended warranty adds an additional 24 months of coverage (36 months total) and costs 12% of the original product price. Extended warranty claims are processed within 5-7 business days of submission.

3. Return and Refund Policy

Products may be returned within 45 days of delivery for a full refund, provided the item is unused and in its original packaging. Return shipping is free for defective items but costs \$6.99 for change-of-mind returns, deducted from the refund. Refunds are issued to the original payment method within 7-10 business days of the returned item being received at our warehouse.

4. International Warranty

Products purchased through international resellers are covered only by the reseller's local warranty terms, which may differ from the standard Northwind Traders warranty described in Section 1. Customers should confirm warranty terms with the reseller at the time of purchase.
